# About Flight Centre Travel Group

Recognised as one of the top five largest travel agency groups in the world today, the Flight Centre Travel Group (FCTG) started with just one shop in Brisbane, Australia in 1982. Although our headquarters are still in Brisbane, our group saw remarkable global growth pre-COVID-19, reaching \$23 billion in sales.

In a world that is more complex and fluid than ever, our network spans 23 countries and our global corporate travel management network has a footprint in more than 95 countries, offering global expertise, assurance and peace of mind to our customers.

FCTG was listed on the Australian Securities Exchange in 1995 (ASX: FLT). The Group employs more than 9,000 people globally in 1,000 businesses across the world. The company is split into 3 distinct pillars: Leisure, Corporate and Product Distribution. The groups market cap is at \$4,8bn with a share price of \$24 as of 5 October 2021.

## Global locations

The Flight Centre Travel Group has a network that extends across the Americas, UK, Europe, Asia, China, Australia, New Zealand and Middle East and Africa.

FCTG's negotiating power mean that our brands can directly negotiate the largest volume discounts with leading suppliers, allowing us to offer our clients not only the best expertise, but the best content offerings with the most reputable supplier network.

## South Africa

Flight Centre Travel Group South Africa was established in January 1994, the same year South Africa's democracy was birthed. FCTG South Africa is a level 1 BEE company with three leading brands within South Africa that truly resonate with customer's wants and needs.

The group balances state-of-the-art technology offerings with highly skilled people in their field of expertise: Flight Centre, Corporate Traveller and FCM. Today, we have an overall market share of 25% and are incredibly proud to be a Platinum winner in Deloitte's Best Company to Work For survey year after year. We currently employ over 750 people and have over 100 businesses serving leisure, corporate and independent customers online and offline.

It is not where  
you start but how  
high you aim that  
matters for success.

## **FLIGHT CENTRE** INDEPENDENT

### **Branded**

Flight Centre Branded is an independent model within the Flight Centre brand that enables experienced travel experts to operate their own travel business with the backing of an International Travel Brand. They sell premium travel with our negotiated content, managing their customers. They use our operating and banking systems. The commission split is 75/25 with Flight Centre. And there are no joining or monthly fees. It is like a franchise that complies with our supply strategies. We are open to acquisitions in this model.

### **Unbranded**

Flight Centre Unbranded is a pure consolidator model within the Flight Centre Travel Group that enables existing travel companies to buy our negotiated land and air deals. They own and manage their own customer base, operating systems and banking. There is no split in commission but rather a monthly fee. Our benefit from this model is their volume to reach override agreements. We are, too, open to acquisitions in this model.
